School values, philosophy and vision

Preventative School Culture

Ferntree Gully North PS is very proud of its achievements in building a strong foundation for our positive school culture. It is based on a belief that all students have the right to be provided a safe and secure learning environment which provides meaningful opportunities to meet their personal and educational potential. A key component of the school's approach to prevention is teaching positive behaviours and developing personal and social capabilities of students with logical consequences to address appropriate and inappropriate behaviour. The

school also uses the Play is the Way methodology which provides all members of the community a clear, shared understanding of the need to develop social and emotional skills using wisdom and intrinsic rewards, not force.

This process is strongly supported through the provision of a number of supporting programs including Play is the Way 3R's process, student support Behaviour Educators, strong student led leadership and other targeted Social Skills Programs.

The Welfare Team comprising of the Principal, Assistant Principal and the Wellbeing Officer and meet as the need arises to discuss students who may be at risk and what future direction we need to take to support the child.

The School Council and Leadership team regularly consult with students, parents/carers, support organisations and the broader community to ensure we are responsive to students' social, emotional, cognitive and cultural needs.

Our positive school culture has a solid foundation in the belief that student engagement is the basis for learning. To support this, the school improvement team and school leadership team is actively engaged in developing classroom practice to ensure that our pedagogy and curriculum engages all students by recognising and responding to their diverse learning needs. Effective teaching, inclusive and engaging curriculum and respectful relationships between staff and students is promoted through Play is the Way and through class and level meetings that encourage the social and emotional development of students in line with the Victorian Curriculum.

The school also supports the school community through building relationships with outside agencies to support individual student and family needs. These are provided through our Welfare program, School based Speech Pathology program.
